## You are Invited to the NCA's 52nd Annual Convention Mark Twain Cave Hannibal, Missouri September 18-22, 2017

June 1, 2017

It's Time To Be Thinking About Convention!!

We hope this finds you all enjoying great business.

Mark Twain Cave staff and employees are looking forward to your visit at the convention this September. We are so centrally located that we hope every member can come. If you haven't been to convention in awhile, this location will be perfect. Our cave does not have any steps. There is so much to learn at convention. You may think you know all about caves but, these days there is so much more to run a smooth and profitable operation. We learn new merchandizing trends, how to make our computers work for us and also review the old tried and true. We meet the new generations of some of most loyal legends of our business. So I invite you today to make plans to come to [Mark Twain Cave](#), Hannibal, MO for the 52<sup>nd</sup> annual National Caves Association Convention. Hannibal is 2 hours north of St. Louis, 3.5 hours east of Kansas City, 5.5 hours south of Chicago and also 5.5 hours west of Indianapolis. We are the crossroads of the United States. -Linda Coleberd
